Faculty Development Program Report on Esthetics

The Faculty Development Program (FDP) on esthetics commenced at 10:30 AM on March 21, 2024. The program began with a welcome speech delivered by Dr. Nupur for the guest speaker, Prof. Dana York, DDS, MS, Ph.D., President of the European Medical Laser Association, USA.

Dr. Dana York was presented with a bouquet of flowers by Dr. Girish Parmar, Dean and Additional Director (Dental).

In her address, Dr. Dana York enlightened the attendees on various methods to enhance esthetics, focusing on Mesotherapy and Botox applications. She provided a comprehensive comparison between Mesotherapy and Botox, concluding that Mesotherapy is a painless and safer method for enhancing esthetics compared to Botox.

Dr. Dana also shared her series of periodontal disease cases treated with laser technology and encouraged the staff members to start esthetic facial treatments within the institute.

The program concluded with a vote of thanks given by Dr. Shantanu Chaudhary, Head of Department and Professor of Pediatric Dentistry.

Report on Faculty Development Programme

Event: Faculty Development Programme on Monitoring of Cleaning and Sterilization Processes in Healthcare Facilities and Cleaning Chemistry

The Faculty Development Programme commenced with the registration of participants at 9:00 AM on 2nd July 2024. The event was inaugurated by the chief guest, Dr. Rakesh Joshi, Superintendent of Civil Hospital Campus, who delivered a welcome speech to the attendees.

The guest speaker for the programme was Mr. Shailesh Mehta, Managing Director of Medovation Inc. He was honored with a bouquet of flowers as a token of appreciation for his presence and contribution.

Mr. Shailesh Mehta's presentation covered a wide range of topics related to the cleaning and sterilization processes in healthcare facilities. He provided valuable insights into:

- The effects of temperature and pressure on sterilization.
- Different types of water and their specific uses in the sterilization process.
- The application of ultrasonic technology in cleaning.
- Various disinfectants and their effectiveness.
- The bacterial load and the required time for effective sterilization.
- Different types of autoclaves and their uses.
- Key aspects of infection control.

At the end of the programme, Mr. Shailesh Mehta was awarded a Certificate of Appreciation for his informative and engaging presentation.
