REPORT OF EVENT

“CBCT in dentistry: Current scenario”

An add-on program on CBCT was conducted for final year students by oral medicine and radiology department in Government dental college and hospital on 13/12/2022 which was attended by 85 students.

CBCT used to take three dimensional images of teeth, maxillary sinus, and bones in the maxillofacial region with a single scan. It is a vital part of clinical dentistry that plays an integral role throughout from diagnosis to treatment planning. Dr. Piyush Limdiwala has provided excellent information about current scenario of CBCT in dentistry and explained well to final year students.
